Part 2: Handling Money & Using Supervision

Saturday 29 February 2020, 10-1

Bramham Therapy, 6A London Road, Marlborough SN8 1PH

MONEY can be a tricky issue for private practitioners. How much do we charge? What is a reasonable cancellation policy? And what can we claim against expenses? We'll explore current standards for professional, ethical practice in this area, with plenty of practical input. To include:

- charging and cancellation policies
- accounting and tax as a private practitioner
- difficult feelings around money

SUPERVISION is a corner-stone of ethical counselling practice. But do you know how to make the most of it, or what is expected of you in terms of candour? Is it ok to change your supervisor? And where is the appropriate boundary between supervision and therapy? We'll look at present requirements, review our own use of supervision and identify unmet needs. To include:

- update on BACP supervision guidelines
- honest discussion about problems in supervision
- guidelines on getting the most from supervision
