

## Bramham Events and COVID-19

### Update 5 June 2020

**If you are already booked onto one of our events, we will email you to let you know if the event has been transferred to online or if it has been postponed until 2021. All of these details are also updated regularly on our website:**

<https://www.bramhamtherapy.co.uk/events/>

We are concerned about the growing numbers of people in our communities who will require therapy in order to come to terms with change, loss, grief and PTSD to name but a few. We believe that as therapists we must be available as much as possible for our clients during this time, and to keep up with our usual forms of support as well as CPD.

We at Bramham Therapy have now gained experience in converting our in-person events to an online platform, with a great deal of success. For those CPD events this coming autumn, they will be conducted in a supportive, confidential atmosphere via a Zoom meeting to include power-point slides (if applicable), live participation, Q&A and breakout rooms. Usual handouts and CPD certificates will be provided, as usual. We have increased our security measures on Zoom to provide delegates with reassurances about confidentiality. Full instructions will be given to delegates via email about 10 days prior to the event.

We are a very small business which, like other small businesses currently, is potentially at risk. You will find free summaries (often including detailed learning points) of all our past events on the events page of our website. In return, we ask our customers to be supportive in these trying times. We wish to continue with our CPD provision in order to support our therapeutic community which has grown steadily over the past 7 years, and ultimately to help inspire excellent therapy provision to the public.

We thank you very much for your booking, and for your support and understanding.

Warm wishes,

Wendy Bramham MBACP (Snr Accred) BA(Hons) WPF  
Proprietor/Clinic Director
